

RMLS™ Future Enhancements

This document lists upcoming enhancements to RMLS systems. Most planned enhancements are originated by our subscribers. To be as fair as possible, the Enhancement Committee reviews all requests against the following criteria:

- Our current list of projects approved by the Board of Directors
- The quantity of similar requests from other subscribers
- The level of effort required to resolve the request listing statuses

A request may not appear immediately on the enhancement plan because of programming complications or a conflicting request.

Project Name	Description	Projected Release Date
New Tax Data Source	<ul style="list-style-type: none">• RMLS will be simplifying and streamlining our tax data by switching from multiple providers to a single data source (Black Knight)	February 2023
