New Subscriber **REQUIRED** Orientation

The RMLS Orientation offers real estate agents and appraisers a introduction to all things RMLS. This session covers a variety of helpful topics to support new subscribers as they get started, including an overview of what RMLS is and who it serves, a review of rules and regulations, a guided tour of *RMLSweb*, the basics of SentiLock, and recommendations for additional classes.

The orientation is **required** to be **completed within 30 days of joining RMLS**. If it is not completed within that timeframe, access to *RMLSweb* may be temporarily reduced until completion.
