* Due to possible reporting inconsistencies, Total Market Time should be used to analyze trends only. As of August 2008, this now refers to the number of days from when a property is listed to when an offer is accepted on that same property. If a property is re-listed within 31 days, Total Market Time continues to accrue; however, it does not include the time that it was off the market. Prior to August 2008 the number reflects days on market for the listing number which sold.
