REALTORS Property Resource® (RPR) Basics

Learn how this free NAR-sponsored tool will provide you with up-to-the-minute, comprehensive RMLS™ data and dynamic analytics to produce reports that will impress and inform even your most demanding clients.

RMLSweb Focus on the Buyer's Agent

This class will focus on the RMLSweb features that will assist the Buyer's Agent. Topics will include: Homesnap, mapping and searching for listings, prospecting with auto e-mail, market area/statistics, searching Open Houses/Broker Tours, an overview of the SentiLock Lockbox system and more.

Remine

Remine combines consumer data and property data onto a single platform that delivers actionable intelligence to real estate agents. Remine can help you to focus your marketing campaigns and find only the most qualified leads for potential sellers and buyers. Whether you are farming your neighborhood or working with investors, Remine can help you target key opportunities in seconds using its interactive map and data-based layers.

Homesnap

Learn how to access real-time comprehensive, agent-only MLS data for your business through Homesnap. By learning how to utilize the tools available to agents and consumers in Homesnap, agents can increase their productivity, maximize their efficiency and impress their clients while managing their business on the go.
