

Bereavement Announcement Guidelines

RMLS™ regularly receives requests to announce the passing of REALTOR® community members on the RMLSweb desktop page. As RMLSweb is primarily for RMLS™ business and out of respect for a subscriber base that spreads over a disparate geographical area, we have set up a page on RMLScentral specifically for bereavement announcements.

Requests for RMLS™ to post a bereavement announcement must be submitted in writing by a family member or principal broker to communications@rmls.com and contain (at minimum) the following information:

- Deceased's Name
- Company Name
- Date of Death
- Requestor's Name
- Relationship of Requestor to Deceased
- Contact Information for Requestor

Requests may include additional information such as a link to an online obituary, donation information ("Donations in honor of the deceased may be made to..."), or funeral information. RMLS™ may opt to omit announcements of REALTORS® who were not current RMLS™ subscribers.
